We reside on Ashford Drive which is within walking distance to the Costco project.

We are totally opposed to this project and the apartments. Reasons are noise, quality of life, traffic, environment, and misuse of the land. Guilderland is a bedroom community and should support our local businesses. Traffic on Johnston road is already heavy. Litter from these type stores is great. Just take a look at the Walmart and Home Depot lot,s. Do we really want this for our community? Crime is out of control at the Mall and Costco will only add to it. And what is this with cutting down all the trees? Didn't anyone in the Town know of this plan?.

No to this plan. Not needed, too noisy, litter, traffic, environmental damage. Too much traffic already on Western and Johnston. Litter from these big boxes is terrible. Look at Walmart and Home Depot. Guilderland is a bedroom community with a great local business community. Let's protect them. This space is not appropriate for Costco. The Mall proper has plenty of available space and shall soon have more. Let's clean up the empty spaces on Western with small community shops, not Costco. Costco would be happy in Colonie or Clifton Park. Colonie already turned them down. Why? Also, what about crime? The Mall now has no answer to the crime issue.
