Message:

Mr Kovalchik,

I would like to be certain that the "Town Meetings" which are open to the public, the town residents, are only going to be held when the current crisis is alleviated. We are all aware that gatherings of 50 people or less are allowed, due to the corona virus. That being said, I would assume the town supervisor, planner and the planning board, would want ALL the residents participation. We as town residents know that the democratic process should determine we have the right to participate and express our concerns. Thank you for your awareness of these concerns and your work toward making that happen.

Sincerely
Susan Mosher

Message:

Mr. Peter Barber,
I am sure that in this unfortunate turn of events, you as the Town Supervisor, are cognizant of the need for interactive town meetings. We as citizens of this town still want an active role in town policy and decisions for building projects. I am sure you are thinking this all through and are going to postpone all town meetings until the public can return to an active role. Any business being negative toward a slower outcome for their project and discounting the needs of the citizens, can be dissuaded. I am sure the open hearing for the project at crossgatesmall will be postponed. Pyramid corporation is trying to meet the needs of the town as well as themselves, Right!
Thank you for your awareness of these issues. We have to build together not segment the town.
Sincerely
Susan Mosher
