I'm writing to voice my strong opposition to the most recent Rapp Road development project purposed by Pyramid Corporation. In my opinion, the only one benefitting from this will be the company and it's shareholders. In addition, Pyramid will continue it's long standing practice of permanently damaging the fragile ecosystem known as the Pine Bush. Tax paying residents of Guilderland, and New York state, deserve better. My name is Craig Kennedy and I live at [1057 WTRY Rd, Niskayuna, 12309](#).
