I would like to briefly add my request to allow Costco to establish a store in Guilderland.

Costco is a desirable business with impressive policies toward their employees, and a great selection of products for their customers. I have wished for a Costco in the Capital District for years, and Guilderland would benefit by its presence.

I realize that there is a vocal group against this business, but I think that they are limited in their vision--- concerned about their personal desires rather than the good of the community.

I would join Costco, and I'm sure many others in the area--- and beyond--- would , also
