Please note my total support for Costco coming to Guilderland. I believe it is being placed in an appropriate location. I believe it will bring a much-needed higher quality big box / warehouse store to our town, and will bring additional tax revenues to our town. Patti and I wholeheartedly support this project; we have been waiting for a Costco in our area for years! When Sam's club left Crossgates Commons, it left a void in the area. Costco will finally fill that void!

Thanks for allowing our input

Patti and Bob Semp
