Dear, Mr. Kovalchik

I'm writing to you today to let you know I'm a proud supporter of the Rapp Road Residential/Western Avenue Mixed use Redevelopment Project, as a 43 year resident of the community I'm proud to call Guilderland home. I also understand the Economic benefits this project would bring to our community as well as bringing our community into the 21st century. Additionally, after a third-party review has determined that the development will not have a significant impact on traffic in the area, and the site plans we're very thoughtfully developed. I personally don't see why the town wouldn't want to move forward with such a wonderful project. This would bring additional tax revenues to the town as well as jobs to our community. Thank you for your consideration and commitment in planning a great community for future decades!

Sincerely,

Troy D. Marshall
