Sent from my Dear Town of Guilderland -

I am sending in my support for the proposed Costco at crossgates. I am an owner of a local hair salon and I know that business drives business. Having such a well known national retailer in our backyards makes sense and will help all those around it. You don't get people in your doors if you don't create a hub that draws people to it.

This will be great for the town, the county, the mall and others. Let's build it!

Thanks -
Debbie Charron
