Dear Town of Guilderland:

I am writing to support the proposed Costco and development on the Crossgates property. I have worked in Westmere for close to 20 years. Having the mall and other shopping in our town is what keeps Guilderland thriving. Coming out of this current crisis, we will need business to move forward so that we can protect what we have built. Saying no to something that is a perfect fit for guilderland in an area built for commercial growth would not be wise.

The schools in town and programs for children need the tax benefits. The county will see sales tax growth. This is a win-win.

Let's approve of this development.

Thank you-

Stephanie Ermides
