Dear Mr. Kovalchik,

I am writing this letter to show my support of the Costco building project that Crossgates is undertaking. Having worked for the mall over many years I know the opportunity for financial growth as well as employment of our companies many workers. Bringing in another retailer such as Costco will help the Guilderland area to grow, create more jobs, and to attract more business and people to this community. It will also open doors where my company can have opportunities to bid work and to service this site for years to come. This project would be a great add to this community as well as the many people it will employ. Thank you for your time,
