Subject: Public Comment: Rapp Road Residential/western Avenue Mixed Use Redevelopment Project

Mr. Kenneth Kovalchik,

RWS Facility Services strongly supports the Costco project for the Capital Region. Our organization has been partnering with the Pyramid Management group since 2014 as it relates to the management of the waste and recycling program for Crossgates Mall, Crossgates Commons and the new Homewood Suites by Hilton.

This development project will only enhance the economic health of this dynamic corridor in the Capital Region and be a great asset tax base for the local community.

Sincerely,

The RWS Team
