Ken,

I am in favor of the Costco project in Guilderland . My wife and I live in Rotterdam and she is excited at the thought of shopping at Costco .

We also have an interest in bidding the HVAC and plumbing for this project . This project has the potential to produce construction jobs for many local people.

My company has been working with Pyramid on many projects for over 10 years and I look forward to working on another if given the opportunity .

Thank You

Brendan Brown

Dear Mr. Kovalchikk,

As owner of RMB Mechanical, Inc., I am writing to express my support for the proposed Costco on Western Avenue and new residential development on Rapp Road.

For more than a decade, the RMB Companies have worked with Pyramid Management to help support their HVAC installation and Maintenance needs at Crossgates Mall. We continue to watch Crossgates Mall grow and evolve into so much more than a simple shopping center. The growth of restaurants, entertainment venues, a spa and hotel not only continue to contribute to the economic growth and support of the Capital District but provides a comprehensive entertainment destination our communities can be proud of.

The proposed Costco and residential complex are so much more than just a construction project for Pyramid Management. This is an opportunity for families to enjoy a home and shopping in this safe and thriving area. This is also an opportunity to support the local contracting companies, such as RMB, which more importantly enables us to support the hundreds of hard-working tradesmen and tradeswomen that count on these projects to provide for their families.

Whether it be the boost in aesthetics this venue can provide to the proposed location, the economic support to our local contractors and their employees, or the opportunity for families to have a new home, we fully support this mission and want to thank you for the consideration of this project.

Sincerely,

A handwritten signature in cursive script that reads 'Brendan E. Brown'.
