Hi,
I support Costco building in Guilderland since we do not have major businesses in our town and it would support our town economy. I don't think it affects pine bush preserve as I see much of the part already in construction area. It will improve our town economy and may reduce our highly burden property or school taxes and it will improve our local business too. As I am costco customer and I know they carry very good products for competitive prices. I love Costco and hope it will come to our neighborhood.

Thanks,
Purna

hello sir,

We need Costco to support our Guilderland economy. As an Costco customer I know they maintain very good quality producuts. As a Guilderland resident I support this project.

Thanks

Purna Potluri
