To the Town of Guilderland:

I am a resident of Guilderland and a student at Maria College. My entire family has lived in the Westmere area of Guilderland our whole lives. I have recently read up on the development taking place around Crossgates, to include a Costco, and I have to tell you that I am very excited to see this project come to life.

My goal is to stay close to my family and move into a new apartment when I graduate college. Apartments with amenities that appeal to my generation is something you don't typically see in this town, especially apartments so close to a major shopping center. I visit crossgates on a weekly basis as it has everything I could need. The entertainment and dining gives my friends and I the opportunity to stay close to home and spend our money in Guilderland which benefits our town. Access couldn't be easier.

The right kind of development is a necessity to keep our generation growing and thriving in Guilderland. And this project is smart and is needed.

Thank you,

Rena Cunningham
