Have shopped in these stores elsewhere. Great selection and super quality. Been waiting for one to locate here for years. I do believe the store will support traffic for Crossgates and vice versa.

I am for the store.

My position is for the Costco project to proceed. I have been to many of their stores over the years and have advocated their opening one in this area.

Locating such a store near Crossgates will be good for the community. Some of the traffic will feed into Crossgates and vice versa. There is a tremendous effort on malls to survive. I feel this is a good step to help abate that trend.
