Town of Guilderland:

Kenneth Kovalchik,

I believe we need a Costco in our area. I love their prices, warranties and even their own named products.

I drive to Massachusetts just to get a better deal. BJ's prices are not as good as they used to be and Sam's Club is like going to a Walmart warehouse.

Our area can support this retailer, it will give us another opportunity to have a great warehouse store.
Please, please approve!!

Yours truly,
Debra L. Petnel
