Ken,

Hope this email finds you healthy and well!

Writing a quick email to let you know that I, as well as those close to me, are very excited about the potential of COSTCO opening in Guilderland. This business would be a huge benefit to the local community by not only providing quality products at affordable prices, but also a reputable business that will result in added revenue to our community.

Thank you for your consideration of this email when planning for the future of the community!

Andrew Little
