Hello,

I just wanted to write in to support the Costco proposal for Guilderland. I live in Slingerlands and travel to West Springfield every few months to get bulk items my family needs from Costco, paper products, meats, household items.

If I'm willing to travel almost two hours to a Costco imagine how many people would drive to from hours away and benefit from one in Guilderland.

I think this company, in this location would impact this area in many positive ways.

Looking forward to visiting the Guilderland Costco in the near future!

Thank you,  
Michelle McHale
