Dear Mr. Kovalchik-

I am writing to show my support to the Crossgates Mall Proposal including Costco and Rapp Rd Redevelopment Project.

I have worked at Crossgates Mall for 10 years, and as a Manager of a retail store in the mall, I am proud to say I work at Crossgates Mall! The management of the mall is top notch. The Marketing team is amazing and does a great job at drawing crowds and having many exciting and engaging events throughout the calendar. From events, to community interest and local fundraising.. there is always something to do and bring people to our marketplace. The mall is always clean, well maintained and I always have felt safe, welcome and part of the Mall Family! Crossgates Mall and Pyramid are truly "Good Neighbors" to the Guilderland Community!

Further development of top retailer Costco will only enhance the Crossgates Mall community and the addition of more employment opportunities will draw new residents to the area. The new affordable housing will be a huge attraction for all businesses in the area, as new residents will frequent local businesses as well as mall employees and the Guilderland Community.

Thank you for your time !

Sincerely,

Maureen Galofaro
