Dear Mr. Csaposs:

I have voiced my support in the past for the proposed Costco project and I'm pleased to see that we are on the final step, with this project having already been approved of by the town on multiple occasions. As someone who has grown up in Guilderland, Crossgates was one of the first places that my family went to when we moved to the town as a child. Now, more than 30 years later, it is a place that my children and I go to. I love seeing it change as the years go by, and I think they have done a terrific job of keeping up with the trends...which is not what you see from all shopping centers from around the country, especially as of lately.

It has been years since this proposal was first laid out, so I truly think it is time to make it a reality. Having a Costco on Western Avenue near other businesses that would also benefit from it is a win-win for everyone. Not to mention the tax revenue for town and school district should be huge. The Guilderland IDA has supported other projects along Western Avenue and Costco projects have been approved with various forms of financial assistance across the country...there is no reason this one shouldn't be approved to receive financial assistance as well. Please note that this letter applies to both public hearings being held for Costco. Thank you for taking the time to recognize the importance of this project. I can't wait to see a Costco in Guilderland!

Thank you,  
Jean Bryan
