Good morning,

I just wanted to express my support for the Costco development project, as well as my gratitude to the Town of Guilderland for following through on this project. I understand that there are two public hearings in front of the IDA, so I would appreciate it if this letter could serve as my support for both of them. Costco is a business that brings something unique to our area that we are lacking. With that we are going to see over 100 permanent jobs in our area. New permanent job opportunities are critical to our community. Other Costco projects have been approved with various forms of financial assistance and I don't see why that wouldn't happen here in Guilderland as well. Please approve so that we can give this project the go-ahead!

Thank you,

Paul Marino
