To Whom it May Concern.

I am writing to show my support for both upcoming public hearings for the proposed and Town Planning and Zoning Board approved Costco project.

With several other projects supported by the IDA along Western Avenue I would love to see this project come to be. Costco is known to be a wonderful employer and this project would bring jobs not only in the construction but also in permanent jobs for area residents. Please consider approving this project in both hearings so the town can benefit from this wonderful business.

Thank you for your time.
