To whom it may concern,

I want to show my support for both upcoming public hearings for the proposed and Town Planning and Zoning Board approved Costco project.

The jobs, sales and property tax and other revenues for the tow and county make this project worth approving on both public hearings. Costco has been approved for financial assistance across the country in proposed projects and I feel should be approved here in Guilderland as well. The business and support bringing this Costco to Guilderland would be fantastic and I ask that the board please consider approving so that Guilderland can benefit from this Costco.

Thank you for your time.

Thank you,
Carol Dunn
