As a Guilderland resident, I want to show my support for both upcoming public hearings for the proposed and Town Planning and Zoning Board approved Costco project.

This project is going to bring the town jobs, sales and property tax and many other wonderful benefits. Costco projects have been approved for financial assistance in other areas so as a Guilderland resident I ask that the board please consider doing so here as well and approving on both public hearings. I would like to see the support for this project as other Western Avenue projects. The land is zoned for commercial use and what better way to use it than by bringing in such a well known and respected business. I hope the board is able to approve this project on both public hearings and bring this project to light.

Thank you.
