Mr. Csaposs,

I am here to fully support the Costco development project that have already receive approval in front of the Planning Board and Zoning Board as well . I believe that the sales tax and property tax are going to have a significant positive impact on our community. Costco is also a destination business where people will travel from all over to shop there. This is going to bring us so much more opportunity as we are not only going to be capturing our local community, but neighboring ones will be contributing to sales tax where they may not have been before. The Guilderland IDA has supported other projects along Western Avenue, hopefully you do so for Costco also. This should serve as support for both public hearings you are holding on May 31st. Let's move ahead with this project!

Thanks,

Victoria Apeland
