Costco Project Support Both Upcoming Public Hearings

I want to show my support for both upcoming public hearings for the proposed and Town Planning and Zoning Board approved Costco project. The wonderful benefits this will bring to the town in sales and taxes are a big positive. Many jobs will be created between the construction and store team. Costco is a very well know brand which will bring wonderful exposure to the town. The proposed location is zoned and ready for commercial use so I absolutely support both public hearings on this project and hope the board is able to do the same.
Thank you. Sent from my iPhone
