To Whom it May Concern.

I am writing to show my support for both upcoming public hearings for the proposed and Town Planning and Zoning Board approved Costco project.

As a manager at Crossgates this project will greatly benefit not only the town but all of Crossgates including my business as well. Having been approved on multiple occasions along this process I hope that this board can do the same. Across the country Costco projects have been approved many times for financial assistance and I see no reason for that not to continue here. Please consider approving this project in both hearings so that the town, residents, Crossgates and the Captial Region may benefit from Costco.

Thank you for your time.
Rhiannon Wright
