I'm writing to say I am in full support of a Costco adjacent to Crossgates and on Western Ave, so please note that for the record for the public hearings taking place next week. I think it would be great for the area. The project includes several community benefits like the soon-to-be roundabout for CDTA, and new sidewalks along Crossgates Mall Road. Guilderland has been ready and waiting and we appreciate the town taking the time to work on it and make sure it is as beneficial as possible to everyone.
