Mr. Csaposs,

My wife and I are proud owners of an eatery in Crossgates for the past 20 years and a former owner of a franchise in the food court. We like owning our home only a few blocks away from our work. My whole family is from India and we worked hard to get our US Citizenship over 5 years ago. Crossgates has helped us build our business here in America and with Costco added on, this will help the mall & other businesses like mine in the town to keep doing well. We hope that the Town of Guilderland also sees it this way and will help Costco with all of the approvals that they are seeking. I can't be at the meetings next week because of my business but I would very much like for you to know that I do support this. Please can we see a Costco get built in this town. Thank you for the hard work to make this project happen. We are excited to shop at it.

Thank you,

Barry Vadalia

Owner Pretzel Maker - Crossgates

Home Owner - Pine Lane, Albany (off of Rapp Road)
