I want to show my support for both upcoming public hearings for the proposed and Town Planning and Zoning Board approved Costco project.

Costco will bring many benefits to the town in exposure, sales revenue and taxes. The land is zoned and ready for commercial use such as this as well making now the perfect time to approve this project. This project will be an important part to the growth of Guilderland and I'm excited to see it come to light.

Thank you for your time.
