Dear Mr Csaposs

As a Guilderland resident I oppose further tax breaks for the Crossgates / Releasco project. The town is also 'donating' roadways and considering using eminent domain to acquire land for this project. That should be more than enough.

Our town budget is in the 18 million dollar range. We need those tax dollars. Any break for them is borne by the rest of the town. Furthermore, my wife and I couldn't get a penny in tax relief during the most assessment review. They should get the same treatment.

Sincerely,
Peter Devitt
