Mr. Csaposs,

This email stands as a letter of support for the proposed Costco site in Guilderland.

My husband and I have been loyal Costco customers since living in Massachusetts in 2016. We have refused to give up our Costco credit card and membership since moving back to Slingerlands, New York in 2019, knowing that there wasn't a Costco anywhere in our immediate vicinity. For the last four years we have driven to Costco in West Springfield, MA, because we truly feel this is a benefit to our family of 4. While we could have become members at Sam's Club or BJ's we refused because we feel as though Costco items are far better than those wholesale clubs in our area.

Costcos shipping of diapers and baby wipes, toilet paper, and food items got us through some tough times during the Covid-19 pandemic.

In addition to the benefits and revenue it will be to this area, we feel that others can benefit like we have from becoming members of Costco.

We are looking forward to visiting the Guilderland Costco in the near future.

Thank you,  
Michelle and Daniel McHale
