Good Afternoon,

As a Guilderland resident I want to show my support for both upcoming public hearings for the proposed and Town Planning and Zoning Board approved Costco project. I look forward to the benefits that will come with this project for the town including revenue and school and property taxes. Being able to evolve as a town is important and Costco will be a step in that. The CDTA roundabout along with the other planned improvements around Crossgates Mall Road will be helpful in the success of this project and I look forward to seeing it come to fruition. As other Western Avenue projects have been approved, I do hope the board approves this project as well in in both public hearings.

Thank you for your time.
-Amber
